

PAPER CORRESPONDENCE OPT IN FORM

As part of the Pension Fund's Communications Strategy, we are moving all our mass correspondence (e.g. annual benefit statements) and most of our individual correspondence to be produced and/or sent by electronic means only unless you specifically request to receive paper correspondence. The main reasons we are making this change is to reduce cost, reduce our environmental impact and to enable faster, more timely communications.

If you wish to continue receiving all future correspondence on paper, please complete the details below and send this form to us.

PERSONAL DETAILS

Name	
NI Number	
Date of Birth
